### PHASES OF THE CARLTON CASE

EFFORT TO GET MISS VANDER-VENTER TO TESTIFY.

Fake Story of Her Attempt to Jump From Window Inspector Cross Introduces Her to the Reporters Some News

Promised to Afternoon Papers To-day. Miss Eleanor Vanderventer, who was living with Frederick E. Carlton at 116 Schermerhorn street, Brooklyn, at the time of his arrest for swindling Harry Schaub out of \$700 in a real estate transacwas arraigned before Magistrate Tighe in the Butler street police court where we go, we see so much of the effects yesterday morning charged with having of liquor. Homes and families are ruined posed in the nude for Carlton so that Carlton could fix the portrait by putting the heads of other women on the body, and thus levy blackmail.

Eleanor was arrested on Thursday night and was locked up in the Adams street station, but under orders from Borough Inspector Cross the police refused to give out any information regarding her arrest. Inspector Cross and his staff have been at work for a week trying to get evidence against Miss Vanderventer, but have failed. All the information that Inspector Cross has obtained has been from the reporters engaged on the case and from Brosnam made a statement regarding for any man. the obscene picture.

After her arraignment in the Butler street police court yesterday, where she pleaded not guilty, she was taken to the State street police headquarters, where Inspector Cross examined her for some time. Then she walked toward a window in Inspector Cross's office, which is on the second floor. It was only a week ago that DEAN RICHMOND BABBITT DEAD. Samuel Levine the self-confessed firebug, attempted suicide by jumping from the fifth story window of the same building, while having his photograph taken. Miss Vanderventer's walk toward the window inspired some one to invent the yarn that she had attempted to jump from the window, and was saved only by the prompt action of Inspector Cross.

Since Carlton's arrest, the Vanderventer woman has changed her residence from Schermerhorn street to DeKalb avenue, but the DeKalb avenue address was kept a secret, as the police say they "did not want to injure her relatives."

After failing to obtain anything from Miss Vanderventer, Inspector Cross called in the reporters and said:

"This is Miss Vanderventer, who has been arrested on three charges of conspiring Samuel Levine the self-confessed firebug,

arrested on three charges of conspiring with Carlton to utter, print and expose nude pictures. You may question her if you wish." "I have nothing to say," she said, tossing

her head.

"Miss Vanderventer," said the inspector,
"does not want to bring her family matters
into this case in any way."

The woman looked puzzled at this state-

into this case in any way."

The woman looked puzzled at this statement and then smiled. Every reporter present had heard her history a week ago from Schaub, who, having tired of her, as he said, had introduced her to Carlton.

Carlton was taken from the jail to the County Court and was arraigned before Judge Crane. He had been indicted for swindling Schaub out of \$700. Ordinarily indictments are not disclosed until the person is arraigned, but in Carlton's case as soon as the indictment was found the fact was made public. Lawyer Bennett waived the reading of the indictment and entered a plea of not guilty for his client. Judge Crane said he would examine the minutes of the Grand Jury before he fixed bail, but from what he had heard of the case he thought the bail would be large. When Carlton heard this he smiled and whispered to his lawyer that he did not see what there was in his case that called for 1 rge bail.

Carlton is also jointly indicted with Miss Vanderventer in the nude picture case. Her examination has been set for July 31. She was also remanded to jail, where the police hope that she will break down and tell some things which they believe she has kept from them.

Inspector Cross said yesterday that his men had found some chloroform in Carlton's former home at 209 Sands street.

Millie Peterson, who, it is said, lived with Carlton in New Jersey prior to 1900, was taken to Raymond Street Jail by a reporter for a morning newspaper and she said she positively identified Carlton as the man with whom she had lived. Carlton, however, said she first met Carlton.

however, said he did not know her and did not remember ever having seen her before. The woman said she first met Carlton through an advertisement in which he was seeking an assistant to help him in his work as a magician. She also said that Carlton had a strange influence over her and she did whatever he wanted. She also said that he had compelled her to take out life insurance of \$150. however, said he did

Before going to his/summer quarters in the Oriental Hotel, at Manhattan Beach, Inspector Cross promised the reporters for the afternoon papers another startling piece of news to-day in the Carlton case.

New Rochelle, Larchmont, Mamaroneck, Harrison, Rye and Port Chester, who threatened to leave the territory if a stop was not put to the whistling. Investigation showed that many engine

drivers live along the Sound, and that as they passed along they blew their whistles to notify their families that all was well. Each driver had a special play of the whistle for his family, and some of them are hair-

JOHN D. ROCKEFELLER ON DRINK.

Says Families Are Buined by Liquor and Warns Men and Women Against It. CLEVELAND, Ohio, July 21 .- John D. Rockefeller spoke at a prayer meeting in

the Euclid Avenue Baptist Church to-night. "Since one week," said Mr. Rockefeller, "I have carried a weight on my conscience. It has borne me down. I have not enjoyed life. I have been thinking of something I wanted to say at the last prayer meeting. I did not have the courage to say it then. But now that the subject has been touched upon here to-night I'm not going to let the opportunity go by me.

"Let me importune every one here to abstain from strong drink. No matter by this curse alone. Why will men fall victims to the poison? No man can succeed in business who uses strong drink and no person has a place in better society who

falls to its power. "Men start out by taking a tipple. These hot days make summer drinks inviting to some, so they take a little. But that little too often proves a little too much, and men go down to ruination. It is that first little

Even friends of Dr. Babbitt admitted at the time that extra zeal in his efforts to save the church from extinguishment had led him to make these erroneous charges. Dr. Babbitt supported the movement for the consolidation of his church with that of St. Matthew's, although by the terms of agreement he was retired as pastor emerit s, with two years' salary, and the Rev. ### MRS. DUKE DENIES HER GUILT

HER LAWYER SAYS DETECTIVE WAS HIRED TO CATCH HER.

Duke's Counsel, Fighting Application for A Story of Sleeping Car Trip.

The application of Alice Webb Duke for alimony and counsel fee pending the trial of the suit for divorce instituted against her by Brodie L. Duke of Durham, N. C., the son of Washington Duke, the tobacco manfacturer, came before Supreme Court Justice Giegerich yesterday, and after a lengthy argument decision was reserved.

Mrs. Duke was in court, accompanied by a woman friend, and attracted some attention because of her persistency in hiding her face behind a large black fan. She is rather large, and wore a white shirt waist, gray skirt and yellow straw hat. She listened intently to the argument and seemed particularly interested at that portion of the statement of her husband's lawyer where she was denounced as the former inmate of a disreputable resort and a preyer upon rich and indiscreet men.

John M. Gorham argued in behalf of the application, and for Mrs. Duke denied absolutely that she had been guily of adultery, as charged, with Charles D. Dutches of Washington county, N. Y., or Charles S. Berry, a New York detective who accompanied Mrs. Duke on a Southern trip some months

Mr. Gorham declared that his client had Mr. Gornam declared that his client had ample evidence to substantiate the statement made in her affidavit that Berry had been employed by Duke as a part of a conspiracy to entrap her into the commission of an act of adultery. She denies flatly that she was guilty of any misconduct with the detective. the detective

that she was guilty of any misconduct with the detective.

Berry, said Elr. Gorham, had a promise of \$5.000 from Duke if he would provide evidence justifying a divorce, and in return for that money, Mrs. Duke alleges in her affidavits, the detective procured an introduction to her, posing as a capitalist seeking to purchase her lexas property. They traveled together to lexas, accompanied by Miss Isabelia Vance, as a chaperon, but Miss Vance was dismissed in Chicago, and then, Mrs. Duke alleges, Berry telegraphed on to Duke on May 2: "I am ready to deliver the goods; have your witnesses ready and I will give you all the evidence you want."

Concerning the sleeping car episode, Mr. Gorham said his client was ready with abundant proof that she was a very sick woman at-the time, and that while Berry did enter her stateroom frequently, he was no more intimate with her than was the porter, whom she called often when she needed attention.

Louis Sturcke, Duke's lawyer, in replying to Mr. Gorham, called the attention of the Court to the fact, as proved by court records almost twenty years old, that Mrs. Duke had sought to prove herself the wife of George W. Hopkinson and had failed, her action being dismissed by Justice Lawrence. Mr. Sturcke said that the woman was notorious, had occupied a house of ill fame for years, and that her method of operation when she got a chance to inveigle a rich man into marriage had never changed.

pressure brought to bear on him. E. J. Butler, the new commissioner, applied yesterday to the Board of Estimate for an appropriation of \$51,585 to carry on until the end of the year the extra work demanded of the department. Mr. Crain had asked for \$200,000 to provide for this additional expense. When the application came up yesterday the Mayor favored it,

and remarked to Mr. Butler:
